WBYC Membership Committee
20 Waquoit Landing Road
Waquoit, MA 02536

Dear WBYC Membership Committee,

I am submitting the following letter on behalf of myself and my family in regard to our membership application. Our interest in joining WBYC goes back a number of years now. My wife and I have spent many days as guests at WBYC, and have attended many functions with close friends who are current members of the club. With our newest addition to the family due to arrive any day now, my wife and I have decided to apply for membership at WBYC. We would love to enroll our daughter in the sailing program (when she comes of age). In addition to the sailing program, there are many other reasons why we would like to become members of WBYC. We have always enjoyed the atmosphere of the club and the camaraderie the club would have to offer if we were to be accepted. I am a native cape codder, who has spent my entire life on and around the local waters (and then some). I have always enjoyed the life on the water and have made a career out of it. My wife and I would love to join the WBYC to continue the tradition of enjoying the local beauty Waquoit Bay has to offer.

In addition to the reasons why we would like to join WBYC, we feel we could be valuable to the club. We are both young, hard working professional individuals. My wife Natassia is a Senior Financial Analyst for Cape Cod Healthcare. She is very good with computers, book keeping, finances, logistics and is also very creative. I am an owner/operator of a small tugboat business, based out of New Bedford. I hold a USCG Captains license with Master of Towing Vessels and have years of experience towing barges and running tugboats all up and down the east coast. I also have an extensive background in marine construction, dock building, marine dredging, as well as carpentry experience. Together, we each carry skills that could benefit the club if we were to become members. We are each very good team players and work well with others. We would love to partake in events at the club and help out by providing the skills and experience we each possess should we be accepted.

We thank you for your time and opportunity regarding our application.

Respectfully,

The FISHER FAMILY,

20 Swain Circle, Mashpee MA. 02649
