Waquoit Bay Yacht Club Incorporated
New Member Committee
PO Box 3434
Waquoit MA 02536

Dear Committee Members,

I am writing you in regards to our application as new members. It is my wish and my families wish to become members of WBYC because we are frequent visitors to Waquoit Bay and summer residents of East Falmouth. I have boated on the bay and camped on Washburn Island since the 1980s and have a keen sense of respect for Waquoit Bay and the oceans in general. As an experienced boater and fisherman it is logical and overdue that I become active in a family oriented yacht club. WBYC is my first choice because I have admired it for years.

My son Dylan was born in Falmouth and spent many of his first 10 summers in and around Waquoit Bay. Dylan has successfully completed some sailing camps and wishes to pursue sailing, which we hope will evolve to collegiate level competition. We reside in Millbury MA and have so since 2008 when we sold our home in East Falmouth. I work for an industrial equipment distributor in Hopkinton MA and my wife Amy works for the Town of Millbury. We hope that being active in the club will help preserve the club for future generations and that it will keep us connected to a place we all love to visit.

A few things about us that would benefit the club. I have a degree in nautical science and in the past worked on ocean going merchant vessels. I have transited the North and South Atlantic, Pacific, Indian, Mediterranean oceans and sea. I have worked on tug boats performing ship assist and dry bulk cargo transportation on the Eastern seaboard. I believe my education and training adds some depth of knowledge in the club that may be useful. Dylan is a very ambitious 11 year old honor student. Dylan very much enjoys boating, fishing and working around the docks. Dylan has already expressed interest in becoming a club and dock caretaker in the future. My wife Amy has a degree in computer science and would like to help out with administrative details as well as event planning and youth activities.

Please consider us for membership, and let us know if you need additional information. We look forward to meeting you and eventually becoming members.

Best Regards,

Craig Fleming and family
