Greetings Membership Committee

My wife and I are very excited about the prospect of becoming part of the Waquoit Bay Yacht Club family. We are lifelong water lovers and avid boaters, we currently own two power boats used mostly for fishing and cruising. We also are privileged to be neighbors of the Club, having recently purchased a home on Seapit rd.

We, In my humble opinion, would be a perfect addition to the club's membership. We are both winding down long rewarding careers and are positioning ourselves for a retirement of waterfront living. We have spent most of our adult lives leading up to this finale. Our family will hopefully be growing with beautiful grandchildren that will be able to experience everything that this waterfront community offers.

Alison grew up in coastal New Jersey and fished and boated with her Dad. She moved up to Mass as a young adult and has been drawn to our beautiful waters and coast lined landscapes. She has raised two children whom are thriving and are off establishing successful lives themselves. Alison is currently a very busy realtor and is extremely active in the community. She is a member of the Lions club of Medfield, the MEMO (Medfield Employers and Merchants Organization), The women's council of Realtors. She loves to walk, bike, fish and golf.

I grew up in Boston and have always gravitated towards to sea. Fished our local water all my life with my father and brother. My Grandfather raise my mother in Falmouth where he worked the sea to provide for his family as a scallop harvester. I also raised two children whom are seeking lives of consequence. My youngest is a recent graduate of Mass Maritime and is deployed to serve aboard the USSN Watson in Diego Garcia in the middle of the Indian Ocean. I have been employed by Verizon communications for the 36 years and I'm looking forward to a long retirement on the water.

We have much to offer in the way of skills learned over a lifetime. Some of the things we love are cooking for and entertaining friends and neighbors. I take pride in my workmanship whether it be behind a saw in home repair or at the trigger spraying Awlgrip on my newly restored Grady. Alison, is passionate about décor, design and bringing people and spaces together. We love to socialize and offer our services readily to those in need.

We hope you consider our application for membership we look forward to one day being a part of this quaint community.

Thank You

Sincerely

Tony and Alison
